One Piece Barrel Clamp/Flash Suppressor

Dillon's Barrel Clamp/Flash Suppressor serves two functions. First, it acts as a clamp, holding the barrel group in alignment. Second, it reduces flash emissions by enabling the mixing of air with unburned powder.

- Currently in service with the US Military.
- Dillon's one-piece design saves weight and reduces cost.
- Available in either stainless steel or titanium.
- Dillon's use of titanium reduces weight.

Titanium - Barrel Clamp/Flash Suppressor

P/N: DMG0058

NSN: 1005-01-500-7181

Steel - Barrel Clamp/Flash Suppressor

P/N: DMG0026

NSN: 1005-01-500-7180
